

Fill out the 2020 census in the spring!

WHAT IS THE CENSUS?

Every 10 Years, the U.S. Census Bureau conducts a census to determine the number of people living in the United States.

WHO GETS COUNTED?

One person from the residence will fill out the census and include everyone living there-relatives/non-relatives and children.

WHY IT MATTERS

When every adult and child in our community is counted, it helps you and your family. Things like school lunches, medical care, educational programs and roads can only be fully funded when everyone in your home is counted.

HOW DO I FILL IT OUT?

9 questions. 10 minutes. 3 ways to respond. Your answers are secure and confidential.

Visit MIVoiceCounts.org to preview census questions and learn how to make your voice count.
